VOLUME CIX.--NO. 95. ALEXANDRIA, VA., TUESDAY EVENING, APRIL 21, 1908. PRICE 2 CENTS

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorater and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels, (as mucous colitis), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in effecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar, weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

TUESDAY EVENING, APR. 21, 1908.

THE banking and currency committee of the House voted yesterday, as stated in the Gazette of that day, to lay the Vreeland emergency currency bill on the table and to favorably report the Fowler bill, creating a currency commission of forty-three members to study proper legislation. Action was taken after an all-day session, in which the Vreeland bill was thoroughly discussed and decided to be as vicious and dangerous as the Aldrich bill. All members present, except Messrs. Burton, Weeks and McKinney, voted to lay the measure on the table, the vote being 12 to 3. Upon the Fowler commission bill the vote was 10 to 3, Messrs. Weeks, Pujo and James voting against, and Messrs. Burton and McHenry voting present. This, it is believed, disposes for the session of the various emergency currency propositions, so far as the banking and currency committee is concerned, and places the committee on record as being almost unanimously opposed to any legislation at this time, except the creation of a commission to investigate financial conditions and practices.

IT is an admitted fact that many men stay away from church because of the constant demands made upon them for money for this, that and the other purpose, but in Burlington, N. J., they have an additional excuse. A dispatch from that city says:

Rules requiring women to remove their hats in church are proposed by local churches, in order to preserve the male attendance at worship, until fashions change and decree smaller headgear. Pastors say that the men are decreasing in attendance as the number of big hats increases at the services. Ushers in edifices where the seating capacity is limited are also at their wits' ends. Pews that have heretofore seated six in comfort, will accomodate no more than four wearers of the modish hats. It is the men, however, about whom the pastors are most concerned. "No man will care to sit in church and listen to a sermon when his view of the speaker is cut off by a bouncing barricade of feathers and flowers," said one preacher. Another declares that "unless fashions change more men are likely to get on the downward road in the next few months because of a big hat on the woman in the front pew than through any other agency."

GLOATING in the exercise of tyrannical power, and delivering his threat with all the venom that is within him, Mr. Dalzell yesterday served notice that because the democrats had insisted on showing up the inconsistency and hypocisy of the republican side of the House of Representatives, there should be no legislation this year in the interest of any section that sends democrats to Congress. Mr. Dalzell spoke for Speaker Cannon and Sereno Payne, and his announcement means that half of the territory of the United States is to be left out in the cold so far as the benefits of the national lawmaking body are concerned. The south and west are deprived of the rights and privileges of legislation and the north and east are to profit in consequence. Never before in the history of Congress has the doctrine that the victors alone shall share the spoils been so shamelessly avowed, and never before has there been a policy in Congress to legislate for half the nation only.

THOUSANDS of employes of the Pennsylvania Railroad have been discharged within the last few weeks, and by May it is reported that the number will have reached 25,000. These discharges came on the lines east of Pittsburg, and it is understood that the step has been taken in preparation for a reduction in wages after the first of next month. The latest figures show that there are 305,000 cars standing on tracks throughout the country, making an unfavorable reading of the commercial and industrial barometer.

BECAUSE her hat was so large that she couldn't get through the car door, a Wilkes-Barre woman was compelled to choose between her millinery and the train. And, of course, the train lost. The hat which caused all the trouble measured 36 inches from stem to stern, and caused a delay at Pittsburg of an express train of fully five minutes.

IN spite of strong pressure brought to bear upon him to veto the bill passed by the legislature, requiring the filing time to be sent with all telegrams originating in Maryland, Governor Crothers has approved the bill. The measure is a good one. The receiver of every telegram has a perfect right to know when it was sent him.

THE Success Magazine has taken a vote among its subscribers as to their preference for the next president. Theodore Roosevelt is overwhelmingly in the lead with 5,460 votes; Bryan comes next and then Taft. The vote for the latter is explained because he is the president's candidate.

Reports are current in Richmond that a petition for a local option election is in circulation and that it is being signed by many persons.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 21.

According to the latest election forecast of Gov. Charles, H. Grovenor, of Ohio, Taft will be sworn in as president next March, and over in the Senate, Joseph B. Forsker will be taking the oath of senator to succeed himself. General Grovenor counts upon factional differences among the democrats to help give victory to the republicans in Ohio this fall. If Ohio in refusing to endorse Judson Harmon for president when Bryan cannot possibly carry the State, will mean the failure of the party to accomplish anything in the State at the coming elections.

It was semi-officially announced at the White House today by one of the Cabinet members that the president had decided to sign the employers' liability bill. Attorney General Bonsparte, it is said, has given the president an opinion on the matter in which he assured the Executive that the bill is constitutional and will stand the tests of the courts.

Another alleged recipient of bribes from Benson testified at the Hyde-Benson-Diamond-Schneider land fraud trial today. William E. Valk, formerly an $1,800 clerk in the general land office, was examined as to his approval of land claims filed by Benson gave him ten cents an acre for every claim he expedited through the general land office.

Ben Hellen, secretary of the Washington Jockey Club, has resigned. The position is not likely to be filled in the precarious condition of the racing game.

Adjournment of Congress by the fifteenth or sixteenth of May is the goal to which the Senate leaders will work from now on. At a meeting of the republican steering committee today, the general legislative situation was discussed at length with the result that it was determined to press matters with a view a getting away by the middle of next month. Nothing was added to the senatorial legislative programme, which is to pass the appropriation bills and adjourn as soon as possible. It is probable that no action will be taken on the bill to amend the Sherman anti-trust law so as to permit railroads to make traffic agreements among themselves under federal supervision, and to relieve labor organizations to some extent from the operations of the law. The anti-injunction bill for labor also will probably remain unacted upon. The Aldrich currency bill will be supported, and if the house does not pass anything but a provision for a currency commission the Senate will attach the Aldrich measure to that, and send it back for adoption.

A host of big paper manufacturers of the United States are here today to present to Congress their protest against the removal of the tariff on print paper, pulp and pulp wood.

The Fowler bill for the creation of a commission to report next session on currency legislation was today approved by the House committee on banking and currency.

CONGRESSIONAL.

In the Senate yesterday Senator Borah, in a speech which consumed an hour and a half, dissected the testimony in the Brownsville case and maintained that the negro soldiers were guilty, and that the president did right in dismissing them without honor.

Senator Hale reported the naval appropriation bill.

It carries $111,546,549, an increase of $7,579 031 over the amount of the bill as it was passed by the House. On the battleship construction programme the Senate committee adopted the policy of the House, making no change in the provision for two vessels. Better pay for naval officers was added to the appropriation bill in the Senate committee.

The agricultural appropriation bill as reported to the Senate carries $1e,642,-146, an increase of $133,340 over the amount in the bill adopted by the House.

The diplomatic and consular appropriation bill was sent to the Senate from the House and referred to the proper committees.

Senator Long reported from the District committee the bill authorizing the Takoma Springs Ice Company to lay pipes within the District.

Twelve million dollars was added to the pension appropriation bill by the Senate.

In the House an effort on the part of Minority Leader Williams to officially rebuke the Speaker for his "arbitrary act" in adjourning the House Saturday last failed.

Under a suspension of the rules, the House agreed to the Senate amendments to the Indian appropriation bill.

The Union station trackage bill, under a suspension of the rules, was sent back to conference, the conferees being instructed to insist on amendments which the House inserted in the bill.

Speaker Cannon introduced a resolution for the appointment by himself of a select committee of six members of the House to investigate the wood pulp and print paper question.

The House committee on banking and currency voted to lay on the table the financial bill offered by Representative Edward B. Vreeland of New York, as a substitute for the Aldrich bill, and decided to report favorably the bill recently introduced by Chairman Fowler, providing for a currency commission to consist of 43 members—11 members of the Senate, 11 members of the House and 21 others, who must be citizens of the United States.

Bank Closed.

Wauson, O., April 21.—The Wauson Spring Banks and Trust Company, formerly the Barber Bank, closed its doors today. Federal Judge Taylor, at Cleveland, appointed George W. Close, Toledo, receiver under $100,000 fund. Edward Barber, one of the biggest independent telephone operators in this country, is at the head of the bank. The bank was unable to convert its assets into ready cash to meet the demands of the depositors. The institution, it is believed, will be able to pay in full.

Illinois Democrats.

Chicago, April. 21.—The plan of Democratic National committeeman Roger C. Sullivan, Bryan's ancient enemy, to send an Illinois delegation to the Denver convention instructed for Bryan seems likely to meet serious opposition. John J. Hopkins, Sullivan's old political ally, has parted company with Sullivan and now threatens to send a contesting delegation from Illinois. Hopkins declares that Illinois democrats favor Governor Johnson's candidacy and his delegation will be so instructed.

News of the Day.

Yesterday 73,900 bunches of bananas arrived at Baltimore from Jamaica.

Prince Sagan left Paris for Italy last night. Mme. Anna Gould, who is due in Naples Thursday, will meet him there.

The varnish works of the Chas. E. Johnson Printing Ink Company, Philadelphia, was totally destroyed by fire this morning.

Arrangements are being perfected for the marriage, May 3, at the czar's palace in St. Petersburg, of the Grand Duchess Marie Pavlona to Prince Wilhelm, second son of King Gustave, of Sweden.

President Roosevelt thanked the British government for the invitation to the fleet to visit England on its return trip to the Atlantic, and regretted that the warships could touch only at Mediterranean ports.

In the House yesterday Representative Sims, of Tennessee, charged that a Senator and the president's secretary are interested in the Washington street car lines and it was thought they possessed influence with congress.

Mrs. Grace Snell-Coffin-Coffin-Walker-Coffin-Layman-Love, daughter of the late Amos Snell, a Chicago millionaire, has filed her sixth suit at Los Angeles, Cal., for divorce after less than two years of married life with her latest husband. Mrs. Love's matrimonial career has been her one excitement in life.

Philip R. Meade, son of Rev. W. H. Meade, rector of the Episcopal Church, Chapel Hill, N. C., committed suicide late Saturday afternoon by shooting himself in the mouth. The deceased was about 35 years old and seemed to be in the best of health. No reason whatever has been assigned for the rash act.

Maj. J. Turner Morehead, one of the pioneers of the cotton and woolen industries of the South, and for many years a leading capitalist and railroad promoter of North Carolina and Virginia, died yesterday in New York city. Maj. Morehead was the son of former Gov. John Morehead, of North Carolina, and was sixty-eight years of age. He enlisted as a private in the Confederate army, and soon rose to the rank of major.

The first step toward the release of Harry K. Thaw from the Matteawan Asylum for the Insane was taken yesterday when James G. Graham, of Thaw's counsel, made application to Justice Morschauser, at White Plains, N. Y., for an order directing the superintendent of the asylum to permit Thaw to sign a formal application for a writ of habeas corpus. The order was granted. Thaw will probably be brought before a justice for a hearing to determine whether or not he is sane.

Believing her sister to be in danger of death at the hands of Lelah Gordon, a negro woman, Mrs. James Wright, a handsome society woman of Memphis, Tenn., yesterday emptied two barrels of her husband's shotgun into the black woman, killing her instantly. Mrs. Wright's sister had just ordered from her premises a daughter of the Gordon woman, who persisted in joining Mrs. Wright's children at their play. Lelah Gordon violently resented the ejectment of her child. After abusive insult so threatening that Mrs. Wright's sister screamed for help, Mrs. Wright rushed to her rescue, using the shotgun with deadly effect.

President Roosevelt has signed the widows' pension bill, which adds approximately $13,000,000 to the pension rolls. The bill grants pensions of $12 a month to some 190,000 widows, most of them widows of civil war veterans. In a large number of these cases the law will operate to allow increases instead of original claims. The law becomes effective at once. It effects only widows who were married prior to June 27, 1890. The Senate Committee on Pensions practically has completed consideration of the pension appropriation bill. It will carry about $162,000,000, an increase of $12,000,000 over the House bill, having been made to carry out the provisions of the widow's pension bill, which has been enacted.

The office of the Potomac, Fredericksburg and Piedmont Railroad at Fredericksburg was entered by robbers early Sunday morning. The vault was broken into and the thieves secured $30 in money and several valuable papers.

Col. James R. Woods, of Roanoke, chairman of the Sixth district democratic executive committee, announced last night that the only candidate for the nomination for Congress who has qualified by filing the notice required by the regulations for the primary is Carter Glass, the incumbent.

John Custer, a merchant, of Danville, was held for action by the grand jury yesterday for felonious assault on Bradshaw Nichols, a young man, whom he cut and stabbed Sunday. Both of the men are married and the trouble grew out of alleged attentions paid to Mrs. Custer by Nichols.

William O'Boyle, the former U. S. artilleryman, sentenced to death for the murder of a colored fireman in Newport News several years ago, and whose sentence was commuted to life imprisonment by Gov. Montague, has been pardoned by Gov. Swanson and has left for his home in Philadelphia.

Rev. Father Frioli, of Newport News, and Rev. Father Tierney, of Falls Church, left Norfolk last night for New York and will sail Wednesday for Rome, where they will be received by Pope Pius X, and where the Rev. Cecil Knick, twenty years old, shot and fatally wounded his fiance, Miss Mary Clark, eighteen years old, Saturday night near Collierstown, Rockbridge county. They were engaged to be married soon, but Knick was addicted to drinking and the girl threatened Saturday to reject him unless he reformed. This threat enraged him and he fired three shots at the girl, two taking effect. Knick escaped and has not yet been captured.

LITTLE GIRL KILLED.

Hurrying home from school to luncheon and holding each other tightly by the hands so as not to get lost, two winsome little girls, Marian and Lulu Swanson, twins, and seven years old, tripped along the sidewalk on Will's avenue, New York. As they reached One Hundred and Thirty-fourth street they paused, remembering the admonition of their mother to be careful when crossing streets, and looked up and down to make sure it was safe to cross. There was a fire in the neighborhood and the rush of the engines had frightened the little girls and made them more than ordinarily careful. As the twins stood on the curb hesiting, a milk wagon drawn by two horses came along. Just as the wagon neared the crossing the children started across, and at that instant a fire engine sent out a shrill whistle. The horses on the milk wagon reared and plunged and the driver tugged at the reins, but the frightened animals got their heads and dashed away. The twins saw their danger and started to run, Lulu in front dragging Marian after her. Lulu got clear of the horses, but the hoofs of one of the animals struck Marian and knocked her to the ground. The wheels of the heavy wagon ran over the child, and when the horrified onlookers rushed to the spot and raised her in their arms she was dead.

FORTY-ONE PERSONS KILLED.

A dispatch from Melbourne, Australia, says that in a collision of two trains from Ballarat and Bendigo, respectively, late Sunday night, at Braybrook Junction, about eight miles from Melbourne, forty-one persons were killed and sixty injured.

The Bendigo train, with two heavy engines, crashed into the rear of the Ballarat train. Five cars of the latter train were wrecked. The wreckage took fire and was almost completely consumed. Many of the bodies were unrecognizable when recovered.

Terrible scenes followed the accident, many of the injured being caught in the wreckage, and with difficulty rescued from the flames.

It was a long time before doctors and nurses arrived on the scene, and as a consequence intense suffering prevailed among the injured.

RING WORM AND DANDRUFF.

They Are Each Caused by a Pestiferous Germ.

Ring worm and dandruff are somewhat similar in their origin; each is caused by a parasite. The germ that causes dandruff digs to the root of the hair and saps its vitality, causing falling hair, and, finally, baldness. Without dandruff there would never be baldness, and to cure dandruff it is necessary to kill the germ. There has been no hair preparation that would do this until the discovery of Newbro's Herpicide, which positively kills the dandruff germ, allays itching instantly makes hair glossy and soft as silk. Take no substitutes. There is nothing "just as good."

Sold by Ernest L. Allen & Co., agents, Two sizes 50c and $1.00. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. 144

Today's Telegraphic News.

Attempted Assassination.

Mexico City, April 21.—Actually searching a large part of Guatemala City, house by house, for persons implicated in a plot to assassinate him yesterday, President Manuel Estrada Cabrera of Guatemala has created a reign of terror in his capital, according to advices to the government here.

The wound which Cabrera suffered in the right hand during the shooting about his carriage, is not serious and he is personally directing the search from the executive residence. Scores of arrests have been made and it is reported that several of the prisoners have already been shot by the police on the pretense that they were resisting arrest or attempting to escape. Many women were among the captives.

Cabrera was on his way to meet the new United States Minister, Major Wm. Heimke, when attacked. As he left his carriage several men opened fire on him with revolvers. The promptness with which the members of his escort drew their weapons and scattered the would-be assassins saved his life.

Daughters of American Revolution.

Washington, April 21.—There is evidently a firm determination on the part of the President-General of the Daughters of the American Revolution, that this year's congress, now in session here, shall have none of the picturesque controversies that have characterized previous conventions and earned for the organization here in Washington the nickname of "Daughters of the Annual Revolt." Extraordinary precautions have been taken this year to secure the constant attendance of the gentle dove of peace.

Mrs. Charlotte Emerson Main, vice-president general in charge of organization of chapters, made her report for the year, showing a splendid increase. New York is still the banner State.

The increase of members for the last fiscal year was 5,738, bringing the grand total of membership to 53,784.

The Congress was photographed.

Husband and Wife Accuse Each Other.

Cleveland, O., April 21.—Each accusing the other of attempting murder and suicide, Thomas Murphy, a city fireman, and his wife lie today in the hospital with gashed throats. Both are expected to recover. The cutting followed a reconciliation of six days after a separation of six months. Murphy was taking his vacation and making the reconciliation the occasion of a second honeymoon. The couple were temporarily living at a hotel while seeking a new home. Murphy, shortly after he went to his room last night, staggered down the stairway, blood steaming from his throat. "My wife—" he gasped and fell. Hotel attendants rushed to the room and found the woman in a pool of blood. Today a warrant was sworn out charging Murphy with cutting to kill. It was served on him at the hospital and a guard placed over him.

Efforts to Liberate Thaw.

Fishkill Landing, N. Y., April 21.—Believing he is soon to be free and his release from Matteawan Asylum now only a question of a few days, Harry K. Thaw, slayer of Stanford White, was in a state of jubilation today. Yesterday the first step was taken to secure his release on a writ of habeas corpus.

Evelyn Nesbit Thaw is said to be vitally opposed to Thaw's release until her own suit for an annulment of her marriage on the ground that he was insane at the time she was married to him is settled. Dr. Baker, who has had personal charge of Thaw at Matteawan, declined today to discuss Thaw's mental condition. He said Thrw has improved physically, but seems to grow more impatient every day.

Mr. Bryan Meets his Family.

New York, April 21.—William J. Bryan visited the Atlantic transport line pier to welcome his wife, daughter and grandchildren who have just returned from an extended trip abroad. When the Nebraskan came out on deck, carrying young Bryan Leavitt, his grandson, in his arms he consented to pose and the family was photographed in a group. Two bulletins were posted on the steamer on the way over, however, announcing the failure of the New York democratic State convention to endorse Bryan last week. Each bulletin announced "Bryan boom smashed." The entire Bryan party drove to the Hoffman House. They will remain here a few days and then start for Lincoln.

Japan to Make Demonstration.

Pekin, April 21.—Announcement that a Japanese squadron of fifteen vessels is to visit Foochow, Amoy and Canton, China, is accepted in government circles as a distinctly hostile move on the Mikado's part. The visit is quite unsolicited and the Japanese explanation that it is purely friendly is not needed in the least. Officialdom interprets it as a demonstration to the Chinese of what they may expect unless a speedy halt is called on the anti-Japanese boycott. The general opinion is that it will have the opposite effect. Considerable uneasiness is even felt lest attempts be made to blow up the visiting ships.

Mr. Bryan's Running Mate.

Cincinnati, O., April 21.—William J. Bryan has chosen Judson Harmon, of Cincinnati, as his running mate on the presidential ticket, according to the announcement today by close friends of Harmon. He has moreover promised the Cincinnati jurist that if the national democratic ticket is elected next fall he will ask Congress to pass a bill making the vice president an ex-officio member of the Cabinet, so that Harmon, if elected vice president, might not be a mere figurehead.

EUREKA!

Yes, I Have Found it at Last.

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Ongley, Rootville, Pa. For sale by W. F. Creighton and Richard Gibson.

Automobile Accident.

New York, April 21.—Four daring autoists flying over the course of the Briarcliff cup automobile course to be run Friday met with a disaster which landed them in a hospital today. All are seriously hurt. Their car was dashed over the Sawmill creek bridge, near Tarrytown, carrying the occupants into the ditch and pinning them under their car. At the point where the accident happened the roads curves almost in the shape of the letter "S." Trying to take the bridge at full speed the wheels skidded and the car brushed over the stone guard wall. A following automobile discovered the victims lying unconscious in the ditch.

Organizing Labor Party.

Cleveland, O., April 21.—Letters were sent to all Cleveland unions today by Harry Vollmer, chairman of the committee of seven to organize a labor party, requesting the names of all union men qualified to vote. The committee is also planning the political movement of organized labor.

New York Stock Market.

Trading this morning was again almost at a standstill. There was little demand at the end of the first hour price generally showed fractional gains over yesterday's close. Fluctuations in railroad stocks were so narrow as to be not worth noticing. The only active industrial was United States Steel common. The market showed a firmer and more active tone after the first hour.

Sixtieth Congress.

Washington, April 21.

SENATE.

Strenuously insisting that the evidence produced before the Senate committee which investigated the incident, proved without doubt that members of the 25th colored infantry were responsible for the shooting up of Brownsville, Texas, last August, Senator Warner today addressed the Senate at length. He presented the administration side of the case, just as throughout the investigation made by the military committee, he acted as the prosecutor against the discharged negro soldiers. He said: "It is incredible to me that any intelligent man, white or black, should have the hardihood to charge that the president, in issuing the order discharging those negroes, was influenced against them by reason of their color."

After speaking two hours, Senator Warner announced that he would continue his remarks tomorrow.

HOUSE.

By a vote of 241 to 20, the House today passed the Volstead drainage bill, which gives Minnesota the right to drain 3,000,000 acres of swamp belonging to the United States.

The House committee on the election of the president and congressmen today reported out the McCall bill for campaign contribution publicity.

Speaker Cannon's committee, the committee on rules, today hustled into the House his one day old resolution, authorizing the speaker to appoint a select committee to investigate what effect the alleged International Paper Company, or the "paper trust" import duties and destruction of forests in America have had on the price of wood pulp and print paper.

Speaker Cannon got Representative Dalzell, of the committee on rules, to explain the resolution.

Mr. Dalzell said that no one in the House had probably ever known such an agitation as had been stirred up in the last three or four weeks over the high price of paper. "How can we legislate when we don't know the cause of the high prices?" he asked.

He ventured the opinion that the high prices were not due to the "tariff of fifteen per cent., the lowest tarif ever laid on this material."

Minority Leader Williams, after saying the resolution was a mere pretext, yielded for Mr. DeArmond's to speak on the resolution.

The Missouri man let the cat out of the bag by saying that every one knew the investigating committee would be packed in favor of the tariff advocates, and there went the cat—a real cat, back yard variety, scooting along a ledge of the gallery back of the democratic side, in plain view of congressmen and spectators. Women screamed and the cat double-quickened, hurdled some of the speaker's guests and got out into the corridor.

Before the debate closed Mr. Williams took the floor for the second time to denounce the resolution as a "prospective procedure to protect certain criminals."

The resolution passed by a strictly party vote, 154 to 110.

After the passage of the Cannon resolution, Speaker Cannon announced the following committee to make the investigation: Messrs. Mann, Miller, Stafford and Bannon, republicans, and Sims and Ryan, democrats.

A number of towns and cities throughout Illinois are voting today on the saloon question. Prohibitionists are claiming five more counties.

A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I brought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. F. Creighton and Richard Gibson.

SUICIDE OF AN ALEXANDRIAN.

R. Lee Robinson, of this city, a glass-blower by occupation, committed suicide in Washington last night by swallowing carbolic acid. After committing the rash act he approached a policeman and told him he had swallowed the deadly acid. The officer placed him in a patrol wagon and started with him towards the Casualty Hospital. Before reaching that institution the acid had begun its work and Robinson was unconscious when he reached the hospital. He died a few minutes later.

Robinson of late had had domestic troubles, and he had been in custody twice last week in consequence of family jars.

Mrs. Emma Robinson, the wife of the young man, was at the home of her mother, Mrs. James F. Wood, formerly of Alexandria, who resides at 914 F street northeast Washington. When informed of her husband's death, Mrs. Robinson said she had been separated from her husband about a week, and during that time she had been staying with her mother. They had been married about eight years, she said, and for some time lived at 131 north Fayette street, in this city. They have four sons, the eldest of whom is six years. Mrs. Robinson brought the youngest child, a baby two months old, to her mother's home with her. The other children she left with her husband, who, for the past week, had been making his home with his mother, at 1121 Duke street in this city.

Mrs. Robinson went to the theatre last night with her two sisters. They had been in the theatre but a short time when her husband appeared at the place and informed her that the baby was sick and that she had better return to her mother's home immediately. Mrs. Robinson hurried from the theatre, and upon reaching her mother's home found the baby enjoying the best of health.

"During the entire ride my husband talked quietly with me and made no mention of his intention to end his life," said Mrs. Robinson. "We had a quarrel before we separated a week ago, but during the ride he made no mention of it. We left the car at the corner of Ninth and H streets northeast and started in the direction of my mother's home. He then began to tell about his plans to end his life. He told me he did not want to live any longer and that I should die with him. He said he would kill me and then end his own life. I sprang from him and started to run up the street. I saw him take a bottle from his pocket and swallow its contents. He then ran toward Tenth street, and I hurried to my mother's house. I did not believe that he had attempted to kill himself. I cannot see what made him kill himself. He had always been good to me and the children until last week, when we quarreled."

Robinson was twenty-eight years old. He was a native of Alexandria, and had always lived in this city.

Robinson was one of the first apprentices at the Virginia Glass Works.

He refused last night to tell the policeman where he had bought the acid. The bottle was found later. It bore the label of an Alexandria pharmacy.

Coroner Nevitt this morning in Washington gave a certificate of death by suicide. It is said that after Robinson took the poison he grabbed his wife around the throat and tried to force the bottle to her lips. She broke away and ran.

Robinson's remains were brought to this city today by Mr. B. Wheatley.

MRS. TYLER RELEASED.

Mrs. Rose Tyler, wife of George W. Tyler, of Woodburn, D. C., who thirteen months ago deserted her husband and seven children, and who five months later was married in Alexaddria, to James Hudson, a young farm hand, of Wheaton district, Montgomery county, Md., was released yesterday from the jail at Rockville and will not have to answer the charge of bigamy preferred by Tyler in this city. As was stated yesterday, the authorities of this city will not prosecute the case. She declares that she has made no concessions to her husband. Mrs. Tyler said she would remain in Rockville until Hudson comes for her, and that she would at once institute proceedings to obtain a divorce from Tyler on the ground of cruelty. She said she would not return to Hudson until after the divorce decree is granted, but she proposed to remarry him just as soon as she could do so legally.

ACT OF SACRILEGE

The entire Catholic population of Rome is incensed at an act of sacrilege that was committed yesterday in the pope's private chapel during the celebration of the Easter mass by the pontiff. The congregation numbered about 200. All partook of the holy communion. Among them were two women and a man who had been admitted on the recommendation of the Austro-Hungarian ambassador to the Vatican. While the pope was administering the sacrament these three were seen to remove the wafers from their mouths. One of the women was seen actually casting it on the floor. The pope was horrified. The offenders were immediately expelled from the chapel and later identified as Prof. Feilbegen, of the University of Vienna, and his wife and sister-in-law.

From the chapel the trio of offenders were taken to the majordomo's office, where they said they were not Christians and had received the communion through a mistake and spat out the host, not believing it to be consecrated.

The pope was so grieved that he wept bitterly. He is convinced that the sacrilege was premeditated. The Austro-Hungarian ambassador will be recalled.

The Sistine Chapel will not need reconsecration as the sacrilege does not constitute profanation.

The three persons who offended say they did not intend any outrage against Catholicism. They say they received the communion mistakenly and did not actually spit out the host. They only attempted and failed, because they were detected. They now realize the enormity of their act, for which regret the pope hopes they will receive God's grace and that they will become Catholics, the only way in which, doctrinally, they can expiate their offence.

"E. C. DeWitt & Co., Chicago, Ill.—Gentlemen—In 1897 I had a disease of the stomach and bowels. In the spring of 1902 I bought a bottle of Kodol and the benefit I received all the gold in Georgia could not buy. May you live long and prosper. Yours very truly, C. N.
